

## Press Release

Fürstenfeldbruck, June 2016

### New Güntner sales engineer in Romania

As of May 2016, Viorel Buiuc reinforces the Güntner Sales team. The sales engineer is responsible for the sales region Romania. He will advise the local customers from his home office in Bucharest.

After his graduation as engineer in "Thermal Machines – Refrigeration" from the Dunărea-de-Jos university in his home town Galați (Romania) and a master degree in "Thermomechanical Process Optimization" at the same university, he started his career in Sales.

#### Sales experience in all business lines

From 2002 on, Mr Buiuc has worked in the Sales force of different companies in Industrial as well as Commercial Refrigeration business lines, covering applications in refrigeration, HVAC and fluids and utilities. As of now, Mr Buiuc will act as local representative for all kinds of Güntner products in this important Eastern European market.

#### About Güntner

Based in Fürstenfeldbruck near Munich, Germany, Güntner GmbH & Co. KG is a world leader in the manufacture of refrigeration and air conditioning equipment components. With approx. 3,000 employees worldwide and production sites in Germany, Hungary, Romania, Indonesia, Mexico, Brazil and Russia, the company shows a strong presence for their partners in all markets. Decades of experience in the industry and the consistent integration of the latest technologies and research findings ensure the high quality standard of Güntner solutions. The international areas of application comprise energy & process cooling projects, industrial and commercial applications in the field of food production and storage as well as HVAC applications for buildings and specific applications such as server room cooling.
